

## CO<sub>2</sub> Temperature and Humidity Sensors

**NEW**  
CO<sub>2</sub> Temp and Humidity sensors in standard ABS Housing

- ✱ Made in Britain.
- ✱ ABS housing in choice of colours, with slotted vents for airflow across the sensors.
- ✱ Available in White (RAL9003), Black (RAL9005) or Grey (RAL7047)
- ✱
 

PSM-C	CO <sub>2</sub> only
PSM-CT	CO <sub>2</sub> and Temperature
PSM-CTH	CO <sub>2</sub> Temperature and Humidity
- ✱ Non dispersive Infra-red technology. Self calibrating ABC algorithm which monitors and adjusts the calibration of the CO<sub>2</sub> level (for non continuous occupation applications)
- ✱ 24Vac/dc supply
 

CO <sub>2</sub> :	0 - 2000ppm = 0 - 10Vdc
Temperature:	0 - 40 degC = 0 - 10Vdc
Humidity:	0 - 100% = 0 - 10Vdc
- ✱ Traffic light LED indication (optional)  
Red / Yellow / Green LEDs to indicate CO<sub>2</sub> level.
 

Green	< 800ppm
Yellow	800 - 1000ppm
Red	>1000ppm
